STIMULATING CONDITIONER

For soft, manageable hair

Stimulating Conditioner detangles and moisturizes hair without weighing it down. Vitamin B5 leaves hair feeling soft to the touch, while rosemary and menthol tone and invigorate the scalp. Stimulating Conditioner is a reviving product ideal for a back bar experience.

Application: After shampooing, massage a small amount into hair and scalp so that it distributes evenly. Rinse well.

Features	Benefits
Rosemary & Thyme Extracts	Naturally tones and moisturizes the scalp
Panthenol (Vitamin B5)	Quick, deep penetrating moisturizer
Menthol	Cools and refreshes the scalp
pH Balanced	Prevents dryness
