

ULTRAMATTE

Medium hold styling product with no shine

Styles and controls hair to create the look you want with a matte finish. Specially formulated with Panthenol to improve hair's health and thickness. Benzophenones enhance the product's performance by shielding against environmental elements, so you get looks that last.

Application: Apply liberally to damp hair and style hair into final shape. Brush through once dry to activate matte finish.

Features	Benefits
D-Panthenol	Prevents from hair damage, thickens hair and acts as a long-lasting moisturizer
Sodium PCA	Promotes moisture retention
Benzophenones	Provides protection against the effects of ultraviolet rays and nature's visible components on hair
Hydrolyzed Wheat Protein	Enhances hair's body and shine while acting as an excellent moisturizing and permanent conditioning agent
Acrylates Crosspolymer-3	Offers medium hold, long-lasting results with humidity resistance and no flakes
Silica	Weightless, white ingredient used to achieve the matte effect
